What color schemes, logos and other websites you specially like? So we may review and do our research?

Please paste you favorite website links here, so we may get a better idea of what you are looking for. This will help us come up with a better prototype that will meet your specific needs.

If you already have an existing website, what do you want improved on it or what do you not want to include from your old website onto your new website?

Let us know what features you do not like on your website?

This will help guide us into the right direction. We do not want something online that you or your company does not like. Our goal is complete satisfaction with your website. This is just for informational purposes and a sense of direction.

Send me a copy of my responses

Thank you for your information. We will analyze and research your industry. This will help us gain the knowledge of what you are looking for and it will also help guide us into a more professional website prototype design. Come back and visit us at www.ComputerTutorServices.com
